Alaska Department of Labor & Workforce Development
Division of Labor & Safety Standards
Occupational Safety & Health

Date of incident: September 02, 2024

Industry: General Industry

Location: Anchorage, Alaska

Summary: An employee was shot and killed when a man came into a convenience store.

Description of Accident: A 22-year-old male was shot and killed by an individual while working in a convenience store. The victim was pronounced dead on the scene.

Accident Prevention Recommendations:

- Develop and implement zero-tolerance workplace violence policies and procedures.
- Provide de-escalation training to assist employees in identifying varying threat levels and to take appropriate actions as necessary.
- Provide workplace violence prevention training to all employees in industries with high potential for confrontation.
