Annual Reports of Insurance Distributions

Alaska Statute 23.30.155(m) requires that each insurer or adjuster file a report annually with the Alaska Workers' Compensation Board on claims with any compensation activity for the previous year. **The report is due starting January 1st through March 1st and late after March 1st. Each insurer or adjuster must also submit the following assessments and fees at the same time of the report.**

Assessments and Fees

Together with the annual report, each insurer *or* the insurer's claims adjuster (not both), uninsured employer, or self insured employer must submit payment of their Second Injury Fund (SIF) contribution and their Workers' Safety and Compensation Administration Account (WSCAA) fees.

Second Injury Fund Contribution

1. The Second Injury Fund (SIF) contribution is due at the time of the annual report filing, **starting January 1st through March 1st** (AS 23.30.040). ***Do not submit SIF contributions with termination reports during the year.***
2. SIF contributions are assessed against *each claim, based on the year of the injury and the SIF contribution rate in effect at that time* (see Table 1). The coming year's contribution rate is announced via bulletin each December, see <http://www.labor.state.ak.us/wc/bulletins.htm>.
3. **SIF contributions are paid on ALL claims**, irrespective of whether SIF reimbursement is currently being received on the claim. No SIF payment should be submitted for a claim where the SIF assessed amount due is less than \$20.00.

Workers' Safety and Compensation Administration Account Fee (WSCAA)

1. Insurance companies, self-insured employers, and uninsured employers are required to pay a service fee for state administration of workers' compensation (AS 23.05.067).
2. **Insurance companies:** service fee is included in the annual premium tax assessment under AS 21.09.210. There are no additional filing requirements with the Division of Workers' Compensation. The Alaska Division of Insurance will process the fee transfer.
3. **Self-Insured Employers** under AS 23.30.090: must submit a service fee with their annual report, **starting January 1st through March 1st**. The amount of the service fee is a percentage of the total payments reported on the annual report, excluding the amount of the SIF contribution. The contribution rate for calendar year 2016, due March 1, 2017 is 2.90% (see Table 2).
4. **Uninsured Employers:** must submit a service fee with their annual report, **on or before March 1st**. The amount of the service fee is a percentage of the total payments reported on the annual report, excluding the amount of the SIF contribution. The contribution rate for calendar year 2016, due March 1, 2017 is 2.90% (see Table 2).

Annual Penalty Assessment Reports

Upon completion of the annual report data review, the Workers' Compensation Division will return a preliminary annual report penalty assessment. **The insurer or adjuster, uninsured employer or self-insured employer has 30 days to submit corrections to the original annual report filing. After 30 days, all penalties are final. Trading partners will need to submit AN corrections to ADOL via flat file unless the AN was not filed. The acceptable flat file submission is the approved file format that maybe downloaded at: <http://www.labor.alaska.gov/wc/er-profit.html>.** Final penalty assessments may be appealed by petition to the Alaska Workers' Compensation Board.

The Penalty report will include:

1. An assessment for unpaid SIF contributions.
2. An assessment for unpaid Workers' Safety and Compensation fees.
3. SIF penalties for late compensation report filing, pursuant to AS 23.30.155(c).
4. Waiver of 155(c) penalties pursuant to AS 23.30.155(m). Waiver penalties are based on total late payments for reporting year / total all payments for reporting year (p. 82, Legislative Audit Report, No. 07-4601-00, October 31, 1999).
5. Civil penalties for late report filing pursuant to AS 23.30.155(m).
6. Error listing and civil penalty for incomplete and inaccurate report, pursuant to AS 23.30.155(m) and 8 AAC 45.136.
7. **In lieu of the Division's conversion to Electronic Data Interchange (EDI) reporting on July 22, 2013, penalties will not be assessed on late filed compensation reports on compensation payments made starting July 21, 2013 through December 31, 2016. PENALTIES WILL BE ASSESSED FOR LATE FILED COMPENSATION REPORTS ON COMPENSATION PAYMENTS MADE STARTING JANUARY 1, 2017 THROUGH DECEMBER 31, 2017.**

Frequently Asked Questions (FAQ's)

Are benefit totals just for calendar year or are they cumulative?

Answer: To be compliant with IAIABC standards, "sweep" benefits segment rules apply – aggregate (cumulative) financial information is sent on all compensation benefit payments made on the claim from inception through 12/31/2016. **Benefit type amount paid in 2016 = cumulative benefits paid-to-date (from the very first benefit payment up to 12/31/16). This applies to EDI trading partners and Paper Filer trading partners.** Payments made in 2017 calendar year will be reported during the subsequent annual report due to the Division.

Who do I contact to confirm reports of injuries to the Division?

Answer: An extract of injury reports (excludes financial data) received by the Division during the 2016 calendar year is available upon request of a Request For Release of Information Form 07-6121. Please email requests to Kelly Swearingin: kelly.swearingin@alaska.gov.

I am having trouble with rejected transmissions through EDI, where do I go for assistance?

Answer: We have contracted with Verisk Insurance Solutions (ISO) to provide technical assistance with claims reporting issues through EDI. All questions related to general EDI support issues should be sent to adoledi@iso.com.

Will ADOL accept SROI AN on legacy claims (JCN<201320000)?

Answer: ADOL expects the AN report submitted through EDI by the Trading Partner when applicable. In order to prepare a legacy claim to accept EDI submission of the AN report, a FROI UR or the FROI AQ/AU must be accepted on the claim. FROI UR can only be filed once and compensation reports are submitted to the division on paper (exceptions: SROI AN (annual), 04 (controversion), and FN (final)).

How do I report lump sum payments?

Answer: All lump sum payments are initially reported on the PY report and are reported on the AN just as they are reported on the claim.

What is required by the Trading Partners concerning reporting of the SIF contribution or WSCAA assessment due?

Answer: see payments on page 3. ADOL has a separate business process for reporting SIF and WSCAA payments. Until further notice, the SIF and WSCAA payment report is due to the Division starting January 1st through March 1st, 2017. The report should be submitted via spreadsheet and include the JCN/AWCB number, SIF due, and WSCAA due.

Will the Division calculate the SIF contribution or WSCAA due?

Answer: ADOL will not send out a preliminary SIF and/or WSCAA invoice prior to March 1st, however, this is a goal for future reporting. Our current process projects SIF and WSCAA on all open/closed claims with reported compensation payments for the reporting year that do not have a subsequent filed final (FN) or suspension (Sx) report.

ANNUAL REPORT FILING REQUIREMENTS

An annual report must be submitted for each insurance company that incurred workers' compensation claims expenses in the calendar year of 2016. The report may be submitted by either the insurer or the insurer's claims adjuster, **but not both**.

Electronic Data Interchange (EDI) Trading Partner- Electronic Reporting

The SROI AN (Annual) is due annually, beginning January 1st through March 1st, for all claims having compensation payments in the previous calendar year. Additional information on event table, data requirements tables, edit matrix, Benefit Type Codes (BTCs), and Maintenance Type Codes (MTCs) maybe found at <http://www.adoledi.info/>.

ADOL expects that only one SROI AN (Transaction Set ID A49) for each JCN/AWCB number be reported starting January 1st through March 1st, 2017. The last SROI AN accepted during this period are considered timely filed. AN reports that return a TR acknowledgement are not considered received. Any SROI AN report received after March 1st will be considered a late filing. Corrections to these late reports can only be completed through the division by a flat file submission.

Please refer to ADOL's Element Requirement Table for data element requirements on the SROI AN. MTC AN expected on:

- Open claims, if the claim is open at the time of Report Trigger value and compensation payments were made in the previous calendar year.
- Closed claims, if the claim has closed since the last annual periodic report and compensation payments were made in the previous calendar year.
- The above expectations apply to legacy claims (claims where the date Claim Administrator had knowledge of injury prior to 7/22/13 and a JCN<20132000). An accepted FROI-UR, AQ, or AU must be filed prior to submission of SROI AN.
- ADOL expects an AN to be filed on any claim requiring a payment of benefit and/or a payment of other benefit that occurred during the report year, even if unreported by a SROI AP, IP, PY, RB . . . etc. **FN or SX filings are not accepted as substitute filings for the AN.**
- If no further payments of any kind are anticipated, ADOL expects a MTC FN or Sx pursuant to AS 23.30.155.
- When triggered by any payment in 2016, the AN report should include aggregate values of each Benefit or Other Benefit type paid by the employer, the insurer, or the adjuster (**including overpayments and employer wage continuations**).
- EDI Trading Partners must submit documentation for their SIF/WSCAA payments separately in the following record layout: **via excel sheet (with extension .xlsx)**, listing AWCB number, SIF amount, and WSCAA amount (if applicable), in that order.

JCN/AWCB Number	SIF	WSCAA
